Projects or Professional Experience

Portfolio — *React / TailwindCSS* — [(Github)](#) [(Live Site)](#)

A gallery to showcase who I am ? what can I do ? my works , and What I Know ?

CodePrep — *React / TailwindCSS / ExpressJs / MongoDB* — [(Github)](#)

Codeprep tackles the common pain point for CS students - inefficient and scattered data structures and algorithms (DSA) preparation. It provides a comprehensive platform to learn, practice, and master fundamental DSA concepts, all in one place.

DevConvo — *React / TailwindCSS / ExpressJs / MongoDB / Redux* — [(Github)](#)

Devconvo provides a platform for software engineers to share their knowledge, experiences, and perspectives through insightful blog posts. It fosters a community where developers can learn from each other, stay up-to-date on industry trends, and connect with like-minded individuals.

BloodDonar — *React / TailwindCSS / Redux* — [(Github)](#)

Blood Donor is a web app built with a mission: to bridge the gap between willing donors and those in need of life-saving blood transfusions. But this isn't just any donor app; it's powered by the robust state management of Redux, ensuring a seamless and efficient experience for both donors and healthcare professionals.

FitGuild — *React / TailwindCSS* — [(Github)](#)

Your Personalized Fitness Playground Imagine a vibrant, supportive online space where fitness isn't just about numbers on a scale, but about celebrating your body's potential and guiding you towards a healthier, happier you. That's Fit Guild, your one-stop fitness companion built with React and Tailwind CSS.

HooBank— *React / TailwindCSS* — [(Github)](#)

Introducing Hoo Bank, your one-stop shop for managing your credit cards with ease and efficiency. Built with React and inspired by a YouTube tutorial, Hoo Bank goes beyond just tracking expenses.

Courses

The Complete Web Development Bootcamp - Udemy (ongoing)

Nov 2022 - Present

Java Data Structures And Algorithms masterclass - Udemy (ongoing)

Mar 2023 - Present

React – Redux , Redux toolkit for beginners – Udemy (completed)

Jun 2023 - Jul 2023
